EDUCATION

Kennesaw State University *Kennesaw, GA*

Bachelor of Business Administration in Information Systems, GPA: 3.7 *Anticipated Graduation: 2025*

Relevant Coursework: Application Development, Information Systems Management, Finance, Data Management, Web Development, Data Mining, Business Statistics, Operations Management, Legal & Ethical Environment

Joseph Wheeler High School *Marietta, GA*

Graduated with honors *May 2022*

EXPERIENCE

Web Developer Intern *February 2024 – August 2024*

Career Munzill *Alpharetta, GA*

- Proficient in WordPress customization, including themes and plugins.
- Skilled in building visually appealing and responsive websites using WordPress.
- Troubleshooting and resolving WordPress-related issues efficiently.
- Collaborated with multidisciplinary teams to ensure secure project outcomes.
- Demonstrated meticulous attention to detail in coding, testing, and security assessment processes.

Web Developer Intern *March 2024 – August 2024*

HiEd Success *Alpharetta, GA*

- Developed secure and responsive web designs using HTML and CSS.
- Applied security measures to ensure cross-device compatibility and protection.
- Enhanced problem-solving skills through real-world cybersecurity challenges in web development.
- Managed multiple tasks and prioritized assignments to meet project deadlines.
- Displayed adaptability and a keen interest in learning new cybersecurity technologies and methodologies.

Certified Pharmacy Technician *February 2021 – Present*

Walmart *Marietta, GA*

- Leverage expertise in pharmacy information systems to ensure accurate and efficient prescription processing.
- Demonstrate technical proficiency by troubleshooting and operating essential devices, including scan guns, computers, and cash registers, with strong computer and mathematical skills.
- Maintain high attention to detail and multitask effectively in a dynamic, fast-paced work environment.
- Possess strong knowledge of pharmacy and DEA regulations, ensuring compliance with legal standards.

LEADERSHIP AND ACTIVITIES

PayPal Fraud Detection UI *December 2024 – January 2025*

Project Lead *Remote*

- Led the development of a UI for detecting PayPal fraud, incorporating advanced analytics and reporting tools.
- Guided team members in implementing a scalable and efficient solution to process large datasets.

Database Solution Project *July 2024 – December 2024*

Doctoral Program Initiative, Kennesaw State University *Kennesaw, GA*

- Designed and implemented a comprehensive database solution for the KSU doctorate program incorporating advanced relational modeling and UML class diagrams.
- Spearheaded efforts in documentation and interface design for improved user interaction.

Remote Programming Course *May 2023 – July 2023*

Strong Foundation for Further Learning

- Equipped with a solid understanding of computer science principles.
- Developed notable projects with a cybersecurity focus.
- Gained familiarity with programming languages including C, Python, SQL, and JavaScript.
- Analyzed complex problems and implemented secure solutions.

Information Systems Security Association (ISSA) at KSU *January 2022 – May 2022*
Participant
- Participated in an organization dedicated to the advancement of knowledge in cybersecurity and related fields.

PFL Symposium on Artificial Intelligence In the Stock Market *March 2022 – April 2022*
Researcher
- Conducted research on AI, machine learning, and stock market security.
- Coded a script to evaluate the return on investment over time.
- Presented findings to peers, deans, and professors at the PFL Symposium.

Georgia Tech Partnership for Inclusive Innovation *May 2024 – August 2024*
Participant
- Participated in the "PIN" internship, which had a competitive 20% acceptance rate.
- Presented work and achievements with a focus on security at the conclusion of the internship.

Skills & Interests

Technical: Secure coding practices, Network Security, Information Security Governance, Python, MS Visual Studio Code, CAD, Sublime Text, Terminal, Raspberry Pi B+, WordPress
Language: Fluent in Portuguese, Moderate Spanish
Interests: Competitive coding, fitness, team sports, gaming
